President Chivington will attend the season's first game at Toledo, where a banquet will be served for Presidents Armour and Cantillon the night before. Cantillon has not decided on a pennant-raising day and other clubs are seeking the privilegs of opposing his team on that day.

S.S.S.

CURES BLOOD POIS

One important reason why S. S. S. is so successful in the treatmen of Contagious Blood Poison is that this medicine strengthens and builds up the stomach and digestive members while it is purifying the blood A great many of the medicines used in treating Contagious Blood Poison are composed largely of Mercury and Potash, and are recommended to the sufferer because they are intended to dry up or remove the humiliating outward symptoms. But such treatment cannot cure the disease, and its continued use will often so weaken and disease the stomach as to make a nervous wreck of the patient. And too, when these mineral medicines are left off the smouldering poison takes on new life, and soon the old symptoms of ulcerated mouth and throat, brown scaly splotches, falling hair, sores and ulcers, etc., return with increased virulence. Then the disease makes more rapid headway because the weakened system offers less resistance to its ravages.

S. S. S. cures Contagious Blood Poison and it does so by purifying the blood and keeping the stomach and digestive members in perfect condition all the while by its fine tonic effects. S. S. S. is a purely vegetable remedy, made from the extracts and juices taken from natural roots, herbs and barks; it does not contain a particle of mineral in any form. S. S. S. cures on the principle that not only must the poison be removed from the blood, but the circulation must also be enriched and vitalized with nourishing powers. S. S. S. is known everywhere as

the greatest of all blood purifiers, and a safe and certain cure for Contagious Blood Poison. When S. S. S. has cleansed the blood of the virus the cure is complete and permanent; there are no dregs left smouldering in the system to break out in future years.

The testimony of persons who have been cured of Contagious Blood Poison by the use of S. S. S. is a far better advertisement than anything we could write concerning the merits of this well known blood medicine. What they say is founded on personal knowledge, and any sufferer from this trouble can be assured when he reads the statements of these people that he is learning the truth about S. S. S. from those whose only desire is to help others afflicted as they once were. We know S. S. S. will cure Contagious Blood Poison because

NO RETURN OF THE DISEASE.

I didn't find out that I had contracted Contagions Blood Poison until it had made considerable headway, and fortunately for me the friend that I first consulted advised me to take S. S., so I began at once the use of your medicine, taking it as directed. My friend told me to stick to it, and that was what I did and got along spiendidly from the very first, and my recovery was rapid, and am now as well as ever. When I began S. S. S. my face was so full of sores and cruptions that I could not shave, and now there is not as blotch or pimple on my body. There is nothing in the world that can beat S. S. S. for blood poison, and I always recommend it.

The Club is offering \$1,200 in cash prizes and the business men are offering 20 handsome silver cups in addition for the best dogs in the different breeds. If your dog can win any of these prizes its value will he doubled. It will be of value to you, too, to have its merits passed upon by a competent judge. You will then know just how good a dog it is.
